## WE TOOK THE SAME GOOD LOOKS AND ADDED A LITTLE MUSCLE.

When you need a little something extra, the Adventurer Two comes through. Its 800 lb. payload, beefed

**ADVENTURER  
TWO**

up transaxle and Four Wheel Drum Brakes means it goes where you and your stuff want to go, all with comfort and security. Across campus or a secluded

valley, this big brother of a hauler will take you there.

### UTILITY DUMP BED

With a 12.1 cubic foot, 800 lb. payload capacity, pneumatic-assist tilting, fold & lock tailgate and roto-molded linear polyethylene construction, this is where the hard work gets done.

### DEPENDABLE 357F ENGINE

We build the car. We build the engine. None of the competition can say that. Our tough, reliable low-emission 357cc engine produces 11.4 hp of muscle. And thanks to a splash-style positive lubrication system, we've eliminated the need for an oil pump and oil filters.

### HEADLIGHTS & TAILLIGHTS

If the sun goes down before the work is done, no worries. The Adventurer Two comes standard with halogen headlights and taillights to help you find your way back to the barn.

### HEAVY DUTY SUSPENSION

We use an automotive-style, coil-over-shock strut suspension that minimizes roll and delivers a smooth, comfortable ride. That means extra heavy-duty performance, front and rear.

## CUSTOMIZED ACCESSORIES
